

Department Overview

- **Department Name:** Department of Information Technology
- **Faculty:** Faculty of Information & Communication Technology (FICT)
- **Accreditation:** The program is officially accredited by the **National Computing Education Accreditation Council (NCEAC)**.
- **National Standing:** Ranked by the Higher Education Commission (HEC) as one of the top undergraduate programs in the field of IT in the country.
- **History:** Founded in 2007 as an undergraduate program, the department later expanded its offerings to include an MS in Information Technology. It features a vibrant, research-oriented faculty.
- **Core Focus:** Programming, systems analysis and design, business telecommunications, database management systems, computer communication, networking, infrastructure, information security, software development, artificial intelligence, enterprise systems, Internet of Things (IoT), and technology implementation management.

1. Bachelor of Science in Information Technology (BSIT)

Admission Requirements

- **Academic Background:** F.Sc / ICS with Mathematics from any recognized board (or equivalent qualification) with at least **50% marks**. Alternatively, a Diploma of Associate Engineer (DAE) in a relevant field with a minimum of **60% marks**.

Degree Requirements

- **Total Credit Hours:** 133 – 134
- **Total Courses:** 37 – 43
- **Minimum Academic Standing:** CGPA $\geq$ 2.0

Curriculum Plan (Program Schema by Semester)

2. Master of Science in Information Technology (MSIT)

Admission Requirements

- **Academic Background:** 16 years of education or an equivalent qualification (such as a 4-year BS or B.E. degree) in a relevant discipline from an HEC-recognized university.
- **Minimum Marks:** At least **60% marks** under the annual grading system, or a minimum CGPA of **2.5 out of 4.0**.
- **Testing:** Candidates must pass an entrance test administered by the university or its authorized testing agency with a minimum cumulative score of **50%**.

Degree Requirements

- **Total Credit Hours:** 30
- **Course Distribution:** 8 to 10 graduate courses, consisting of 24 credit hours of graduate-level coursework and 6 credit hours of research thesis.
- **Minimum Academic Standing:** CGPA $\geq$ 2.5
- **Research Track Notice:** Thesis research is conducted under the guidance of PhD faculty members. *(Note: The page layout text containing a placeholder description errantly references "telecommunication systems engineering and power systems engineering" under the general MS degree framework).*
