

The university outlines a straightforward four-step procedure for applying. In the first step, applicants choose a major by selecting a field of interest from the offered undergraduate or graduate programs. For the second step, applicants must apply online by filling out the admission application form via the online admission system at oas.buitms.edu.pk and submitting a printed hardcopy to the admission office along with the necessary supporting documents and the bank fee receipt. The third step requires eligible candidates to take an admissions test conducted by NTS, though valid NTS or HAT test results are also accepted. In the fourth step, final admission selection and offers are determined by a calculated merit score compiled from the applicant's Matric, Intermediate, and entry test marks.

All supporting documentation sent alongside the printed application form must be attested, which includes the Secondary School Certificate for Matric, Higher Secondary School Certificate for Intermediate, the applicant's CNIC or B-Form, a local or Domicile certificate, the applicant's father's or guardian's CNIC, a Character Certificate from the last institution attended, a bank draft, pay order, or cash payment receipt for the processing fee, and six recent passport-sized photographs.

Application processing fees are non-refundable and must be paid on or before the application submission deadline. The online processing fee is Rs. 2,500 for national applicants and US \$75 for international applicants, while the manual processing fee is Rs. 2,000. Available payment channels include a bank draft or pay order drawn in favor of Registrar BUITEMS, Quetta, or a cash deposit into Account Number 23587000000201 at the Habib Bank Limited BUITEMS University Branch in Quetta, Pakistan.

Regarding the academic programs structure and policies, the duration of BS programs is spread over 4 years or 8 semesters, with each semester lasting 18 weeks, comprising 16 weeks for teaching and 2 weeks for midterms and finals. The B. Arch program duration is spread over 5 years or 10 semesters, and MS programs are to be completed within 2 years from the enrollment date. Changing academic programs is generally discouraged, but it is permissible within the first two weeks of the first semester. This change requires the recommendation of the concerned Chairpersons and approval from the Deans, and the candidate's merit score must also exceed that of the last student admitted into the targeted program. Furthermore, freezing a semester is strictly prohibited during the first semester, but after the first semester, a student is allowed to freeze a maximum of two semesters across their entire program of study.

Finally, documents, application forms, and fee receipts should be posted directly to the Admissions Office at the Balochistan University of Information Technology, Engineering and Management Sciences, located at the Takatu Campus, Airport Road, Baleli, Quetta, Pakistan. For communication, the direct phone line is 081-2880511, and the campus exchange is 081-2880512 with extensions 203 and 207. The Universal Access Number is +92 81 111-717-111, and secondary lines are +92 81 2880560, 2880136, 2880140, 2880386, 2880432, 2880527, and 2881076 with extensions 163, 216, and 217. Email support is also available at admissions.faq@buitms.edu.pk.
