

Balochistan University of Information Technology, Engineering and Management Sciences is an equal opportunity institution, open to all students who are qualified to seek higher education and willing to work hard irrespective of their financial status. The university offers freeships to the highest grade achievers in every program based on merit. Ten percent of the top students are allowed a fee concession every semester based on their previous semester examination GPA, ensuring that every diligent and industrious student has the opportunity of getting free or subsidized education based on merit. Students from extremely weak financial backgrounds are also compensated and provided monetary assistance in the form of a fee concession, which ranges between 25% and 100%. Besides this, 5% of the students are given a fee waiver in the form of the Work-Study Program. There are a number of scholarships that can facilitate students during their studies, including the Merit Scholarship, Fee waivers, BUITEMS Kinship or Sibling scholarship, Work and study, and Donors' scholarships. Moreover, various donors are also supporting studious students in the form of scholarships, and the Higher Education Commission of Pakistan has made various arrangements to facilitate and accommodate needy but meticulous students through scholarships offered by various organizations.

Regarding announcements and calls for applications, there are Research Grants for MS and MPhil Students under the Women Aligned for Sustainable Youth Centered Livelihood Action, or WASYLA, Project. Islamic Relief Pakistan, under its WASYLA Project, invites applications from MS and MPhil students of BUITEMS who belong to poor or ultra-poor backgrounds to apply for research grants. These grants aim to support research related to four key outcomes of the WASYLA initiative, including the Poverty Graduation Model. Key research areas expect students to conduct research in alignment with one or more themes, such as the Poverty Graduation Model, which involves exploring sustainable livelihood solutions and resilience mechanisms for ultra-poor households. Another theme is Women Empowerment, focusing on the socioeconomic uplift of women through targeted livelihood interventions. The Youth-Centered Livelihoods theme involves the inclusion of unemployed youth in skills development and employment opportunities. Finally, the Community-Led Development theme focuses on participatory approaches that enhance local decision-making and ensure culturally appropriate and sustainable development. The eligibility criteria require that applicants must be currently enrolled in an MS or MPhil program at BUITEMS, must belong to a poor or ultra-poor background, and their research must be aligned with one or more of the four WASYLA project outcomes as detailed in the Terms of Reference. Interested candidates must submit a complete application available at the University Tuck Shop along with an approved synopsis to Ms. Birah Khalid at the Financial Aid Office, UAFA, BUITEMS. For detailed Terms of Reference and further information, students can visit or contact the Financial Aid Office.

The Professional Education Foundation, or PEF, Scholarship Program has been announced for the students of the first semester only. Applicants can apply online on the given link and submit the hard form, available at the Tuck shop, to the Financial Aid Office. The eligibility criteria specify that the applicant must be a first-semester student studying in any Engineering program, Computer Science, Information Technology, or BSBA. The required documents include an attested copy of the mark sheet of matric and intermediate, a supporting document in case of any physical disability, and a supporting document which proves the loss of a father in the case of an orphan, such as a Death Certificate. Further requirements include proof of income of the family, which can be a certificate or salary slip of the father and of other earning members, or a certificate from a local Councilor or Imam e Masjid. Additionally, the names of two persons with their addresses and telephone numbers who

know the applicant and their family and can provide confirmation if needed by the foundation are required. Similarly, the NEST Arts and Culture Scholarship Program has been announced for the students of the first semester only. Applicants must apply online on the given link and submit the hard form, available at the Tuck shop, to the Financial Aid Office. The eligibility criteria state that the applicant must be a first-semester student studying only in Bachelor of Fine Arts, Bachelor of Architecture, BS Textile Engineering, or BS Fashion and Textile Design. The required documents for this scholarship include an attested copy of the mark sheet of matric and intermediate, a supporting document in case of any physical disability, and a supporting document which proves the loss of a father in the case of an orphan, such as a Death Certificate. Furthermore, applicants must provide proof of income of the family, like a certificate or salary slip of the father or an Affidavit from court, an attested copy of their own CNIC, an attested copy of their father's or guardian's CNIC, an attested copy of their local or domicile certificate, a Bonafide certificate, and two recent passport-size photographs.
